## Call For Open Door Policy

Attitude of U. S.  
Made Known as  
To Control in  
Manchuria

By John M. Hightower  
AP Diplomatic Writer

WASHINGTON, March 5—(P)—The United States today called for an "open door" policy in Manchuria simultaneously with disclosure of a Russian proposal for joint Soviet-Chinese control of major industries there.

Secretary of State Byrnes made known this government's attitude by releasing a note which he sent to both Chungking and Moscow Feb. 9. In this, he expressed concern about the possible establishment of exclusive Soviet-Chinese control over Manchurian enterprises.

Such a policy, Byrnes wrote, would be "contrary to the principle of the open door" and would constitute clear discrimination against Americans who wanted to join in Manchuria's industrial development.

Along with releasing this communication, Byrnes disclosed the Chinese foreign office had informed him of the Russian proposal for joint Soviet-Chinese control of specified coal mines, power plants, and other Manchurian industries. China rejected this proposition.

**Big Trouble Spot**  
Byrnes said the United States would send a message to Moscow on the Manchurian situation. Preliminary signs indicated the American position would be in support of the Chinese government.

Manchuria is one of the major trouble spots in Russian-American relations. Earlier at a news conference, Byrnes said Gen. Douglas MacArthur's authority as supreme commander at Tokyo extends to the Manchurian area.

Information from the Chinese foreign office about the Soviet proposal for operation of Manchurian industry was made public by Byrnes simply by releasing a partial text of the Chinese note. This stated:

**Soviet Position**  
On January 21, 1946 the Soviet government told the Chinese government that it regarded as "war booty" for Soviet forces all Japanese enterprises in China's northeastern provinces which had served the Japanese army. The Chinese government rejected this Soviet definition of war booty.

(On this point Byrnes did not comment directly today but he previously had said that the United States does not consider any country has the right to decide

## Franco Not Quit Under Pressure

Dictator Sends  
Note Saying That  
'Spain Can Run  
Its Own Affairs'

By John M. Hightower  
AP Diplomatic Writer

WASHINGTON, March 5—(P)—Generalissimo Franco of Spain has served notice on the United States that he has no intention of leaving office under Allied pressure.

A State Department official reported today that Franco, apparently anticipating the Anglo-American-French declaration against his government, set forth his stand in a note received here 24 hours before the three-power statement was issued yesterday.

The note, containing vigorous assertions that Spain could run its own affairs without outside intervention, was delivered at the State Department by Juan Francisco de Cardenas, Spanish ambassador. The State Department official, who asked not to be identified, said he did not know whether similar notes had been delivered simultaneously in Paris or in London.

**Pin Hopes On Army**  
American officials pinned their hopes today for overthrowing Spain's Franco government almost entirely on the possibility that the Spanish army might force the generalissimo to yield to a caretaker regime.

The chance that any other group would be able to oust the Madrid dictator and set up a new government as suggested in last night's Anglo-American-French declaration is considered extremely thin, since no other force in Spain's political life is believed here to have enough power.

The declaration called on "leading patriotic and liberal-minded Spaniards" in effect to bring about a bloodless revolution because of Franco's close ties with the Hitler-Mussolini Axis. The pronouncement was issued simultaneously in Washington, London and Paris, and government radios and other propaganda mechanisms were brought into instant play to make certain that it reaches the Spanish people.

**Secret Documents**  
Along with the declaration, the United States released 15 hitherto secret documents dug out of German government files. These were designed to show Franco's close and prolonged collaboration with Hitler and Mussolini, involving promises in 1940 and 1941 to take Spain into the war on the side of the Axis.

The objective of the German war plans was to capture Gibraltar and strangle Britain's empire lifeline.

The project fell through, according to statements which Franco made to Hitler in a letter on Feb. 26, 1941, because Spain was incapable of existing without food imports. Meanwhile, the documents brought out, Spain had

## Another Sugar Stamp Valid Monday

WASHINGTON, March 5—(P)—Housewives may get a little more sugar for home canning this year than last season.

OPA revealed this today in announcing that spare stamp number nine will become valid next Monday for five pounds of sugar. It will be good through October 31.

The agency said it expects to validate another home canning stamp in June or July.

## Survey on the Need for Food

Hoover Will  
Head Group for  
Check in Europe

WASHINGTON, March 5—(P)—Former President Herbert Hoover today accepted an invitation by President Truman to go to Europe to survey food needs of that continent.

Mr. Hoover's acceptance was announced by Secretary of Agriculture Anderson following a breakfast discussion of the food situation, attended by the former chief executive, who carried out foreign relief programs in Europe after World War I.

Anderson said Mr. Hoover will leave probably next week for the food survey which may require 30 days to complete.

It will be his objective to learn at first hand the actual needs of war-torn areas. Anderson said Hoover hoped to contact many persons who aided him in the food relief program in Europe following the first World War.

The former president will take several persons with him, including Dr. F. R. Fitzgerald, food allocations officer of the agriculture department. The others are to be named by Hoover later. Anderson said it was probable that Hoover would go to France first.

The secretary of agriculture said the government, in sending Hoover abroad, sought to ascertain whether there is any "water" in statements of food relief requirements submitted by the various countries asking U. S. aid.

The Hoover party plans to fly to Europe.

Hoover's assignment followed last Friday's White House press conference at which Mr. Truman called in Hoover and other authorities on the subject to devise ways of getting Americans to share their food with the less fortunate peoples of the world.

## Krug Confirmed By the Senate

WASHINGTON, March 5—(P)—The senate today confirmed Julius A. Krug as secretary of the interior.

The 38-year-old former war production board chief was confirmed by unanimous consent and without debate.

A few hours earlier he had been endorsed unanimously by the senate committee on public lands and surveys.

The committee acted in little more than an hour after the tall, broad shouldered nominee was called up for questioning.

The nomination now moves before President Truman last week nominated Krug to succeed Harold L. Ickes, who resigned in a dispute which grew out of the president's nomination of Edwin W. Pauley to be undersecretary of the navy.

## Russians Bar American Newsmen in Manchuria

TIENTSIN, March 5—(P)—Russians, frozen by surprise at seeing 22 uninvited foreign news correspondents roaming Soviet-held Manchuria, have recovered and barred the door. Now that the stories are out, they're stopping trains to Mukden to search them for foreigners.

Only surprise could have enabled the coup which brought the first on-the-scene stories of Soviet activities, in the opinion of the first group of newsmen to return. For Soviet hospitality cooled after the first startled week.

Undoubtedly any more foreigners appearing in Russian-held territory will be in for a rough time

## Boys Thrown From Motor Scooter

Milford Fisher, 16, 632 East Fifteenth street and Robert Hill, 15, 1205 South Kentucky avenue, received skinned knees about 10:50 o'clock Monday night when a motor scooter threw them while riding on South Lamine avenue. The boys were treated at the police station by Dr. W. T. Bishop and sent home.

The boys were passing a car driven by A. C. Ford, special agent for the Missouri Pacific and ran over a curb which caused them to be thrown.

## Boothell Hospital Notes

Lydia Furnell, eight-year-old daughter of Mr. and Mrs. William Furnell, 1317 South Ohio avenue, and Mrs. Forrest D. Lister, 900 South Quincy avenue, admitted for surgery.

Mrs. Jack Eckhoff, Cole Camp; Mrs. Mabel Leavitt, Chaffe, Mo.; and Mrs. Thomas P. Ward, 120 East Jefferson, admitted for medical treatment.

Mrs. Norbert R. Wasson and daughter, 502 North Grand avenue; Mrs. Max Riecke, Springfield; Mrs. James Ross, Country Club; and Mrs. Howard P. Sharp, Tipton dismissed.

Mrs. Lemen E. Giffen, 921 West Sixth street, admitted for medical treatment.

Mrs. Melvin F. Shanahan and son, 517 North Quincy avenue and Mrs. Charles E. Betschler, Houstonia, dismissed.

## Anglo-American Alliance Is Urge From Churchill

### Sedalia Police Assist At Fulton Today

Four members of the Pettis County Post No. 16, American Legion Auxiliary police, left early this morning for Fulton, Mo., where they will assist in police activities and traffic work today during the visit of President Harry S. Truman and former prime minister Winston Churchill of Great Britain.

Six Sedalia police officers are also at Fulton assisting the police department of that place. They are Sergeant George Maness, Sergeant Cecil Smith, Patrolmen William Hatfield, Lester Lestes, George H. Riley and Lon Maness.

## Churchill Truman At Fulton

Parade at the  
State Capital  
Enroute to the  
College Town

FULTON, Mo., March 5—(P)—President Harry S. Truman and Winston Churchill, former prime minister of England, came to this small Missouri college town today for a major speech on international relations by the British political leader.

Thousands of townspeople and visitors crowded the streets to get a glimpse of the famous pair as they motored through the town to Westminster college where they were dinner guests of Dr. F. L. McCluer, president of the college.

They arrived at 12:43 p. m. Central Standard time, from near-by Jefferson City, the state capital, where they left the presidential special train which brought them from Washington.

**To Receive Degree**  
So far as the general public is concerned, the high spot of the event is the address by Churchill. Officially, at least, it will be the former prime minister's acceptance of an honorary Doctor of Laws degree, which he and President Truman are here to receive.

A colorful crowd, officially estimated at 8,000 to 10,000, was milling around in the sun-drenched center of Fulton today at least two hours before Churchill and President Truman arrived.

The estimate was made by Capt. J. L. Walmesley of the State Highway Patrol.

**Play Missouri Waltz**  
"The Missouri Waltz" was a favorite with three bands that moved back and forth through the roped off streets under fluttering red and white banners proclaiming "Welcome Churchill" and "Welcome President Truman."

The bands were from Fulton high school, Kemper Military Academy and the Missouri Military Academy.

**Gave Victory Sign**  
Thousands of visitors jammed the sidewalks as the Truman-Churchill party paraded through town. Both principles stood in their open car to wave. Churchill gave his famous victory sign with two upraised fingers.

Churchill, smoking his inevitable cigar, joined Truman in waving at the crowd as they entered the campus residence of Dr. McCluer.

The President was accompanied by his staff, including Brig. Gen. Harry H. Vaughan, a former classmate of Dr. McCluer at Westminster college, who uses the President's nickname "Bullet."

"Bullet," Vaughan said, got that name by running "fast as a bullet" from padding Sophomores during his Freshman days here.

The small, creek-pierced campus of Westminster college was roped off and forbidden to all but ticket holders at the crack of dawn and Missouri State Guardsmen were ordered posted at 179 intersections.

Here they call it "C" day, with full honors for the eloquent man from Westminster, London, or "C-T" Day, with a measure of tribute for President Truman, who

## Britain Issues Winister of Great Former Prime Marning as to the Desire of Russia for 'Expansion of Power and Doctrines'

By Ernest B. Vaccaro

FULTON, Mo., March 5—(P)—Winston Churchill called today for a virtual Anglo-American military alliance with a blunt warning against what he termed Russia's desire for "indefinite expansion" of its "power and doctrines."

Asserting that "a shadow has fallen upon the scenes so lately lighted by the Allied victory," the former British prime minister declared in an address prepared for delivery at Westminster college here:

"Nobody knows what Soviet Russia and its Communist International organization intends to do in the immediate future, or what are the limits, if any, to their expansive and proselyting tendencies."

Britain's wartime leader gravely declared that prevention of another great war "can only be achieved by reaching now, in 1946, a good understanding on all points with Russia under the general authority of the United Nations organization."

While he said he does not believe that the Soviet Union desires war, Churchill attributed to the Russians a desire for "the fruits of war and the indefinite expansion of their power and doctrines."

"From what I have seen of our Russian friends and Allies during the war I am convinced that there is nothing they admire so much as strength, and there is nothing for which they have less respect than for military weakness," said the veteran statesman. "Would Hold Secret"

He cautioned against releasing the secret of the atomic bomb at this time.

Churchill, introduced by President Truman who accompanied him here from Washington, said he wanted to make clear that he spoke "only for myself" and that he had no official mission.

Members of Churchill's party to reporters privately during the train trip westward, however, that Churchill had discussed his speech in advance with the Earl of Halifax, retiring British ambassador.

**Reciprocity With Canada**  
Churchill, leader of the Attlee government's loyal opposition, asserted that the United States already has a permanent defense agreement with Canada and added that "this principle" should be "extended to all the British commonwealths with full reciprocity."

He advocated "continuance of the intimate relationships between our military advisers, leading to common study of potential dangers, similarity of weapons and manuals of instruction and interchange of officers and cadets at college" and "joint use of all naval and aid bases in the possession of either country all over the world."

Eventually he continued, "there may come the principle of common citizenship, but that we may be content to leave to destiny, whose outstretched arm so many of us can clearly see."

Turning to the atomic bomb, Churchill said that in view of the uncertain world situation, it would be "wrong and imprudent" for the United States, Britain and Canada to confide the secret to the UNO while that agency "is still in its infancy."

"No one in any country," he observed, "has slept less well in their beds because this knowledge and the method and the raw materials to apply it are at present largely retained in American hands."

"I do not believe we should have slept so soundly had the positions been reversed and some Communist or Neo-Fascist state monopolized, for the time being, these dread agencies. . . ."

The "special relationships" he advocated between the United States of America and the United Kingdom, Churchill said, would not be inconsistent with the loyalties of those countries to the United Nations organization. Instead, he went on, it probably would be "the only means by which that organization will achieve its full stature and strength."

**Collaboration Treaty**  
The British, he said, have a 20-year treaty of collaboration and mutual assistance with Russia and "I agree with Mr. Bevin that it might well be a fifty years treaty." Bevin recently proposed ex-

**Cigars and Ham  
For Churchill**

JEFFERSON CITY, March 5—(P)—A box of his favorite Havana cigars was waiting in Jefferson City for Winston Churchill today, the gift of Gov. Phil M. Donnelly on behalf of the state of Missouri.

The governor had two packages to present. In the other was a hickory cured Cole county ham for President Truman.

Donnelly acted as official greeter for the state's distinguished guests along with Westminster college and civic officials and U. S. Sen. Frank P. Briggs. The governor said he obtained the box of 50 fragrant cigars through a dealer and the ham from a Cole county friend.

As a result of the day's activities, the governor will lose his necktie. He has promised to give it to his pastor, the Rev. W. P. Harman of the First Christian church here. Dr. Harman collects ties worn by public figures on special occasions.

The Daily Washington  
Merry-Go-Round  
by Drew Pearson

WASHINGTON, March 5—When Secretary Byrnes took over the helm of American foreign affairs, he found some highly secret and amazing cablegrams in the state department which helped to explain our present starlight-arm policy toward Fascist Spain. Whether these cablegrams were ever shown to Cordell Hull or Edward Stettinius, who succeeded him, is not clear. If so, they constitute a shocking indictment of a do-nothing policy despite evidence of bare-faced Spanish cooperation with Hitler and Argentina. Here are the highlights of the story as told by the secret cables:

Great Britain at one time definitely played into the hands of the Argentine Fascists by supplying them airplanes.

Franco and his government were secretly aiding their friends in Argentina to build up a Nazi regime.

Spain not only was working hand-in-glove with the Germans all during the war, but the state department knew it, even knew the details of how information on Allied shipping was given to German submarines. Not only did the state department turn a deaf ear, but state department officials did not protest the shooting of Spanish Republicans who had aided the escape of Allied prisoners.

All the above are contained in documentary form in the secret files of the state department.

British Okay Planes to Peron

One of the most inexplicable state department cables—in view of the cooperation Britain was supposed to give us against dictators—is dated July 20, 1944, and tells of Spanish shipments of airplane motors to the Argentine dictators.

The British secretly authorized this shipment without referring the matter to the Allied blockade committee where the American representative would have had a chance to refuse a certificate.

In fact the United States knew nothing about the British-Spanish and Argentine triple play until July 18, 1944, when the first shipment of motors reached Argentina. They included 11 tons of airplane motors, 1,639 kilograms of spare parts, 22 Elzide engines and 21 Gnome-Rhone motors.

Robot Cameras Will Film Atom Bomb Tests

Ready to photograph the Army-Navy atom bomb tests at Bikini Atoll is a battery of still and motion picture cameras, protected by the housing seen above, which is proof against radio-active rays. Naval Lt. J. Howard Chamblin of Mena, Ark., left, is in charge of aerial and ground photo installations and Dean Hawley of Glen Rock, N. J., right, technician of Fairchild Camera & Instrument Corp., of Jamaica, N. Y., will aid in supervision of photography.

This battery of moving picture cameras, operated by radio through remote control, will photograph the Army-Navy atomic bomb tests in the South Pacific this summer. Cameras will be on top of 100-foot steel towers and housed in small rooms, each shielded against X-rays and other radioactive hazards of atomic bomb explosion.

was information regarding Allied ship movements which kept leaking to Nazi submarines. This submarine activity was especially bad near Gibraltar, and American army men were certain that Spanish employees of the Iberia airlines, flying over the water, together with other Falange agents, were supplying shipping information to the Nazis.

As late as January, 1945, after increased ship sinking off the Spanish Moroccan coast, an official American protest was made to the high commissioner in Spanish Morocco, General Orgaz. He was told (A) that German consuls in Spanish Morocco were given information regarding all Allied ship movements; (B) that Falangist intelligence circles were in direct contact with Axis intelligence; and (C) that Axis submarines had contacts on the Spanish coast.

General Orgaz denied everything. A few days later, however, an American official led Spanish officials to a secret Spanish observation post equipped with radio transmitters, code books and copies of messages to German U-

Boats. This incident was reported to the state and war departments in cables dated Feb. 19 and 21, 1945. The state department at that time was letting Jimmy Dunn govern its Spanish policy. Nothing happened.

Inside fact is that some state department officials, prior to the Byrnes administration, appeared to be sympathetic toward Franco.

On Aug. 3, 1944, for instance, three Spaniards were executed by Franco at Melilla as a penalty for aiding the escape of Allied prisoners. The three Spaniards were Republicans and opposed to the pro-Axis policy of Franco.

Up until the end, it was expected that American consular officials in Spain would intervene to save them. But not one finger was lifted. The gentlemen of the state department, at that time, were not interested in helping those who had helped Americans—if it got them in wrong with Franco.

Note—Senators interested in getting the facts regarding the above incident might subpoena cables No. 36454 of July 28, 1944, and No. 37036 of Sept. 3, 1944.

HE had been paying Phillipa since shortly after the birth of the twins—he was the "uncle from California"; Phillipa had no family—when she had told him that she proposed to sue Fletcher for a divorce charging fraud in their marriage because she had not been told prior to it that he was the adopted son of Stephen Willson. "Legally, I am firmly of the opinion that she would not have had sufficient grounds," Uncle Andrew had written, "but I would have meant heartache for Jenny, and for Fletcher and Betsy, too, in the revival of all the old scandal that should be left decently dead."

"But aside from the revival of an old scandal, I had to consider the boys, one of whom Fletcher paid me the compliment of giving my name. Undoubtedly their custody would, under the circumstances, have been given to Phillipa, and that not only would have been harmful for the boys, but would have broken Jenny's heart. You see what I have done, I did for Jenny."

His letter went on to explain that some months before the twins were born, he had been without a secretary and Phillipa had volunteered to come to his office and help him. He had been called hurriedly from the office one day and had inadvertently left the strong box containing a lot of family papers open in his safe.

The twins were three months old when Phillipa had come to see him, showed him the copies she had made or obtained elsewhere, and told him what she proposed to do. She had not had to go any farther. "Satisfactory arrangements were made," Andrew Stiles had written, "but unfortunately I could not control her perversity; her delight in tormenting in so many devious ways the members of our family. If I threatened to

cut her off, she threatened publicity for the family."

HE must have written the letter long before he went to the office, for there were many pages. He went on to apologize for the difficulties which would be had in settling various financial matters. He had been trustee for a half dozen different estates. He had had some money of his own "but that was gone. I haven't long to live anyhow—Dr. Bertelette will tell you what he told me two months ago—and I figured that my mother's estate, which is not under my control, but will have to be distributed on my death, will take care of what I had to 'borrow' from the various trust funds in my care. So I am simply taking time by the forelock and advancing the date of my demise, knowing that if sufficient funds are not available to reimburse those from whom I have 'borrowed,' you will handle the matter, Stephen, so that no one suffers."

"I realize now that I should not have tried to handle this thing with Phillipa alone. I have worried about the outcome ever since Bertelette told me how long I had to live—two years at the most, he said—knowing that Phillipa would probably go to you and you would have to take on the burden of keeping her quiet for Jenny's sake, keeping the twins under your care for their sake, and daily seeing Fletcher more and more unhappy. And then a Divine Providence removed Phillipa from our midst, and my only regret is that I did not assist."

Dr. at my Miss Jenny's request, had been reading the letter aloud in a very shaky voice to the four of us. Her voice broke completely on those last lines and so did my Miss Jenny.

"Nana, Nana," she cried, "what have I done! What have I done!" (To Be Continued)

Forty Years Ago

Very Rev. B. Russ, C. P.P.S. has purchased of Mesdames Smith and Cotton the ground opposite the parochial residence of Sacred Heart church for the Community of the Precious Blood. The object is to erect a new school building, in the near future, for children of Sacred Heart school. The new structure will be modern and equipped with the latest and most modern conveniences. There will be a gymnasium, club rooms and a large auditorium for gatherings. The young men of the parish are prepared to start the building fund by giving a rousing minstrel show after Easter.

Monday was "Missouri Day" at Sorosis and the excellent program carried out was thoroughly enjoyed by the large attendance. Papers on Missouri and Missourians were read and one on Musicians was illustrated by several selections. Prominent men of the state described in talks were Thomas Hart Benton, Frank P. Blair, James B. Eads and Senator Geo. G. Vest.

Dr. E. Nasse is home from St. Louis, where he attended the silver anniversary of the graduation from Washington university of the class of which he was a member.

The Doctor Says  
Age no Barrier to Tuberculosis Danger

By WILLIAM A. O'BRIEN, M. D.  
Written for NEA Service

Prevalence of tuberculosis in elderly people is not generally known. Recent admissions to one tuberculosis sanatorium, which

has an active case finding

program, included only one patient under the age of 50.

Many cases of tuberculosis in older people are not detected because few of them have

X-ray examinations of the chest. Persons over 50 years of age make up about 20 per cent of the population and include many tuberculous patients (estimated 100,000) who may spread their infection.

Tuberculosis in the elderly tends to be less severe than in younger persons. But, though the disease may not bother them much, their germs can cause serious infection in others. Many elderly tuberculosis patients do not believe themselves ill, therefore they do not seek medical care.

Cough Usual Symptom  
Danger to others from communicable tuberculosis in elderly patients is great, as many of them are grandparents who look after young children. All elderly persons should have the benefit of a chest examination, including an X-ray and sputum test.

Usual symptoms of tuberculosis are cough, expectoration, spitting of blood, pain in the chest, hoarseness, fever, sweating, loss of weight and strength. In tuberculosis of the elderly, fever is usually well tolerated, and many of the other signs and symptoms are ascribed to age. But cough, which is the most common sign, bears investigation.

As tuberculosis in the elderly usually is present for some time before it is discovered, adhesions may bind the lungs to the chest wall and make collapse treatment difficult. Bed rest for the average elderly patient often helps limit the disease, but complicating diseases often make the outlook more serious.

Is tuberculosis in the latter part of life on the increase? The United States Census Bureau reports that deaths from tuberculosis in 1940 were much higher in older people than in young. The highest rate was in males between 55 and 65 years of age. Women past 30 with tuberculosis apparently have a better outlook than men.

Simple Arithmetic

ALBUQUERQUE, N. M., March 5.—(AP)—Just how many hogs and chickens, the farmer wanted to know, would the government take in payment of his income tax?

Giles L. Matthews, internal revenue bureau field deputy, explained that the government didn't take livestock for March 15 payments. But he suggested, the farmer could convert his pigs into cash "and come back and see us."

## Social Events

Mrs. Cena Christopher Draper, of Warrensburg, presented in a charming manner her program, "Standing Room Only," at Sorosis on Monday afternoon at the Heard Memorial Club House, at which time she gave the highlights of several Broadway hits.

Singling out one comedy which, it is believed, will outrun all Broadway hits, Mrs. Draper gave a clever bit of reading from "Dear Ruth."

The comedy consists of a family of four people. Mrs. Draper said, the mother, Edith Wilken; the father, Harry Wilken, a municipal judge, and two daughters, Ruth, 22, and very beautiful, and Merriam, 16, whose main ambition in life was to lead the younger generation in saving the world. She was forever trying to solve some international problem.

The play starts in the morning in the living room of the Wilken home, where Judge Wilken learns that Merriam has signed up for a blood bank and when told she can't do that calmly stated that there is no need to worry, she signed her father's name.

About that time Ruth comes in, telling them that she has quarreled with her sweetheart, Albert, because he objected to her smoking cigarettes. Merriam hurries off to school and Ruth to work and just as Edith and Harry are left alone a young lieutenant by the name of Bill comes to the door looking for Ruth. He has just returned home from Italy, having been in that country only thirty hours before, and wanted to surprise Ruth. He showed a picture of her he had carried on twenty-five missions as a gunner on a B-26 and told of the fascinating letters Ruth had written him.

This young man was a new one to Edith and Harry. They had never heard Ruth speak of him, but nevertheless they were impressed with him.

They tried to get him to go to the bank and see Ruth, but he wanted to wait until she came home that evening.

In the late afternoon Harry straggling in from the blood bank in not too good a mood. "Twenty women in the room," he exclaimed, "and only me to lie down and have a blanket!"

Harry and Edith talked about the lieutenant. They decided he would probably marry Ruth at once. He wasn't the patient type.

About that time Ruth burst into the house. "I have news, great news," she said. "Albert and I are to be married right away. He was smoking a cigarette. He said he would rather smoke than give her up."

Edith and Harry began to ask questions about the lieutenant, but Ruth had never heard of him. Suddenly the light dawned upon them. The family turned to Merriam.

"I want the whole story," said the father.

"You remember the Bundles for Britain?" said Merriam. "These are the young lieutenant had to be sent to America. We sent bundles with letters to the service men to keep up their morale."

Merriam had written letters and such letters. Sixty of them. Thirty of the sixty were poetry. And she had signed Ruth's name and sent Ruth's picture. To give them hope and faith.

The young lieutenant returned. He was so nice Ruth hated to hurt him so as Albert came she slipped

## WINGS FOR WING SCOUTS

The Girl Scout aviation program, Wing Scouting, was given a big boost ahead recently through the gift of three Piper Cub training planes, similar to the one these two Wing Scouts are displaying so proudly. The planes, given by Mr. William T. Piper, president of the Piper Aircraft Corporation, will be given one a year for three years. The first was delivered in January.

The Wing troop, a part of Troop Four of the Senior Girl Scouts, organized last fall under the leadership of Miss Virginia Slusher, licensed pilot, is increasing its activities. The ultimate goal of the troop members is to receive their wings and to be taken on a flight, with their parents' consent.

Studies of the troop include the history of aviation, aero dynamics, navigation, ground services and flying safety, according to CAA regulations.

Shirley opened her afternoon Shirley opened her gifts.

Guests were Mrs. Edward Frankie and twin sons, Ronald and Donald; Mrs. J. McKeehan, Mrs. Aubrey Cramer and daughters, Beverly and Barbara, and son Jimmy; Mrs. M. H. Skagg and granddaughter, Mrs. H. W. Young and daughter Patricia, Mrs. O. L. Plunder and daughter and Mikie Hanigan.

Mrs. Pabst was assisted in entertaining by Mrs. Skaggs.

## Thieves Fail In Effort To 'Crack' Safe

Chest Of Silver Only Reward In Bichel Robbery

Thieves who went to considerable trouble to enter the Bichel Jewelry Store, 217 South Ohio Avenue, early Monday morning, were rewarded with only a chest of sterling silver for place settings of twelve. They failed to "crack" an inner door to the large safe and jewelry and diamonds valued at several thousands of dollars were left untouched.

Drill proof steel hampered their attempt on the door which held the jewelry, diamonds and many watches left for repairs and those which had been repaired. However, the chest of silverware was on the counter near the safe and was easily carried off.

### Opened Last Night

Dell Imberger, of Dell's key Shop, tried to open the safe Monday but had to call for the help of Thomas E. Abel, who resides on R. F. D. No. 1, Florence, a professional safe and lock man. The two men worked until about 3 o'clock Monday afternoon getting the outer door opened, but they had to resort to a cutting torch to cut their way through the inner door to get it open at 10:45 Monday night.

Abel is nationally known for his work as a safe and lock repair man and has traveled throughout

Here's how to make this tempting new dinner of ROAST BOLOGNA WITH POTATOES AND CARROTS. It's a smart new trick these days to get Cudahy's Puritan Bologna by the piece. Remember, it's ALL MEAT—selected beef and pork! Slice 12 medium-sized carrots and parboil for about 10 minutes. Brush with melted fat. Next, place 6 medium-sized potatoes in moderate oven (350° F.) about 5 minutes before meat and carrots are put in.

Skin 1 1/2 pound piece of Cudahy's Puritan All Meat Bologna. (NOTE: It costs Cudahy more to use all meat, but no increase in price to you!) Place Bologna in pan with carrots and roast about 40-45 minutes.

To serve, decorate Bologna with Orange Rind Roses—easily made by peeling a small orange very thin round and round; roll up peeling and fasten with toothpick. Top potatoes with Cudahy's Delrich Margarine and arrange on platter with carrots and sprigs of parsley. Makes 6 servings.

Puritan Bologna has been awarded Cudahy's famous Plus Product Seal. Shown above, this Seal is your guide to outstanding quality.

## Talk is Given On Therapy

### Lt. M. W. Monson Speaks to Teachers On Rehabilitation

Lieut. M. W. Monson, an instructor in the occupational therapy department at O'Reilly General hospital in Springfield, gave an inspirational and enthusiastic explanation of the work there in the rehabilitation of wounded veterans, at a meeting Saturday morning of the Sedalia Community Teachers association.

Speaking with the knowledge of personal experience he said that recovery is more rapid with participation in new found interests and that the disabled veteran's outlook on life improves proportionately with performance in some activity.

Lieut. Monson stressed the psychological value of therapeutic work and spoke enlighteningly on ways to seek happiness through readjustments. Many types of handicraft are taught the disabled veterans and from a chest of articles he displayed plaques, pottery, rugs and plastic objects made at O'Reilly hospital by men who are still undergoing treatment. He also showed pictures graphically revealing physical handicaps that are the result of war injuries.

The speaker was introduced by Mrs. A. G. Hausman, program chairman. Mrs. Clyde Heynen, president of the association, presided.

Preceding Lieut. Monson's talk Mrs. Ella Dow McVean sang two solos, accompanied by Miss Mary Schrankler.

## Open Drive on British Loan

WASHINGTON, March 5.—(P)—Secretary of the Treasury Fred M. Vinson today formally opened the administration's drive to win congressional approval of the projected \$3,750,000,000 loan to Britain by terming it vital to world prosperity and peace.

The cabinet officer led off a string of witnesses scheduled to testify before the Senate banking committee during the next two weeks.

Vinson, in a 7500-word prepared statement, told the senators the loan proposal is a "sound investment in world peace and prosperity."

2. "In another memorandum to Generalissimo Chiang Kai-Shek's headquarters, the Russian government proposed to hand over a part of the so-called 'war booty' to China and called for joint operation by China and Russia of specified remaining enterprises in rich Manchuria, including coal mines, power plants, steel and chemical industries and cement plants.

The Chinese, the foreign office note to Byrnes stated, rejected this on the grounds it went beyond provisions of the Sino-Soviet agreement of last August which strictly limited Russian postwar activity in Manchuria.

Along with the Chinese note, Byrnes released the text of an American note sent to both Chungking and Moscow Feb. 9 inquiring about what is going on in Manchuria.

## Anglo-American Alliance is Urge From Churchill

(Continued from page one)  
tending the treaty.

Churchill spoke of his "strong admiration and regard for the valiant Russian people and for my war-time comrade, Marshal Stalin."

While he said he understood Russia's need to be secure on her western frontiers from all renewal of German aggression and welcomed her "to her rightful place among the leading nations in the world," he added:

"Warsaw, Berlin, Prague, Vienna, Budapest, Belgrade, Bucharest and Sofia, all those famous cities and populations around them lie in the Soviet sphere and all are subject in one form or another, not only to Soviet influence but to a very high and increasing measure of control from Moscow."

"Athens alone, with its immortal glories, is free to decide its future at an election under British, American and French observation. The Russian-dominated Polish government has been encouraged to make enormous and wrongful inroads upon Germany, and mass expulsions of millions of Germans on a scale grievous and undreamed of are now taking place."

Churchill, saying Turkey and Persia are "profoundly alarmed" by claims made upon them by Moscow and that the Russians in Berlin are attempting to build up a "quasi-Communist party" in Germany, asserted "this is certainly not the liberated Europe we fought to build up."

Russian Communistic influence, he continued, is at work in Italy and France. And the outlook, he added, "is also anxious in the Far East and especially in Manchuria."

Except in the British commonwealth and in the United States, the former prime minister said, "the Communist parties or fifth columns constitute a growing challenge and peril to Christian civilization."

Terming the doctrine of a balance of power unsound, he continued:

"We cannot afford, if we can help it, to work on narrow margins, offering temptations to a trial of strength. If the western strict adherence to the principles of the United Nations charter, their influence for furthering those principles will be immense and no one is likely to molest them. If, however, they become divided or falter in their duty, and if these all important years are allowed to slip away, then indeed catastrophe may overwhelm us all."

Churchill recalled the general optimism which he said prevailed after World War I and commented:

"I do not see or feel the same confidence or even the same hopes in the haggard world at this time."

Speaking of the way World War II developed, he asserted:

"I saw it all coming and cried aloud to my own fellow countrymen and to the world, but no one paid any attention. Until the year 1933 or even 1935, Germany might have been saved from the awful fate which has overtaken her and we might all have been spared the miseries Hitler let loose upon mankind."

"There never was a war in all history easier to prevent by timely action . . . but no one would listen and one by one we were all sucked into the awful whirlpool."

"We surely must not let that happen again. This can only be achieved by reaching now, in 1946, a good understanding on all points with Russia under the general authority of the United Nations organization and by maintenance of that good understanding through many peaceful years, by the world instrument, supported by the whole strength of the English speaking world and all its connections."

"It is not our duty at this time, when difficulties are so numerous, to interfere forcibly in the internal affairs of countries whom we have not conquered in war, but we must never cease to proclaim in fearless tones the great principles of freedom and which, through Magna Carta, the Bill of Rights, the habeas corpus, trial by jury and the English common law find their famous expression in the Declaration of Independence."

**Legion Auxiliary Sends Packages**

The American Legion Auxiliary to Post No. 16 met Monday night at the Parish Hall for the regular March meeting.

Mrs. Elmer Winfrey, president, presided. Mrs. Homer Hall was pianist.

A new member, Mrs. Archie Wilson, was presented to the group.

It was voted by the Auxiliary to participate in the child welfare work which is a national project of American Legion auxiliaries. Packages are sent to children of foreign countries. The local auxiliary will send packages to two children in France.

The remainder of the meeting was spent in making plans for the birthday party which will be held at Convention hall in the near future.

Mrs. F. B. Piper and Mrs. L. V. Morris were hostesses for the evening.

## OBITUARIES

### George L. Housel

George L. Housel brother of Mrs. Genevieve Slocum, 520 South Lafayette avenue, and W. C. Housel, 1500 West Fourth street, was found dead at his home, 3701 Emerald avenue, Chicago, Ill., at 3 o'clock Monday afternoon. Mr. Housel lived alone in the apartment and when neighbors had not seen him since Saturday, one of the neighbors investigated and found him. He was believed to have been dead a day or so before he was found.

Mr. Housel was born in Asbury, N. J., on November 2, 1876, the son of the late Mr. and Mrs. J. B. Housel. He moved with his parents to Lincoln, Neb., when a year old and came with them to Sedalia at the age of sixteen. At eighteen he went away to work and was with the Armour company as a meat inspector until his retirement several years ago. He was never married.

Surviving besides the brother and sister named are six nieces, one nephew and six great-nephews.

A brother, E. G. Housel, and a sister, Mrs. Clara M. Lingle, preceded him in death.

The body will arrive in Sedalia at noon on Wednesday.

Funeral services will be held at the Gillespie funeral home at 3 o'clock Wednesday afternoon, with Mrs. M. J. Shea reading the service of the First Church of Christ, Scientist.

Mrs. T. E. Gasperson will sing "Shepherd Show Me How to Do Good," and "In Thee, O Spirit," Mrs. W. L. Monegan will accompany at the organ.

Pallbearers will be Sam Snow, P. E. Sullivan, Herbert Mason, Herbert Zoernig, A. A. Chambers and D. S. Lamm.

Burial will be in Crown Hill cemetery.

**John A. Thistlewaite**

John A. Thistlewaite, 67 years old, of 1508 East Ninth street, died in Fulton Monday afternoon.

Mr. Thistlewaite was born on March 7, 1879, in Sheridan, Ind., and was married to Miss Hallie Berthouex on October 20, 1906, who survives him. He was a machinist at the Missouri Pacific shops for a number of years later going on a farm at the edge of town near Marshall avenue. About two years ago the family moved to the present address on East Ninth street.

Surviving besides his wife are a son, Gerald Thistlewaite of Chillicothe; a daughter, Mrs. Lillian Morley, Warrensburg; two sisters, Mrs. J. W. McClain, St. Louis, and Mrs. Isaac Lane, Sheridan, Ind., one brother, I. C. Thistlewaite, Jefferson City, and two grandchildren.

A son, John Thistlewaite, Jr., died in infancy.

Mr. Thistlewaite was a member of the Epworth Methodist church. Funeral services will be held at 2 o'clock Wednesday afternoon at the McLaughlin funeral chapel, with Rev. Ralph E. Hurd, pastor of the Epworth Methodist church, to officiate.

Pallbearers will be Frank Royce, Ed Garst, Sherman Whiprecht, George Foster, W. A. Green and John Blue.

Burial will be in Crown Hill cemetery.

**John Adolph Deppeler**

John Adolph Deppeler, 90 years old, died unexpectedly at the home of his daughter, Mrs. Robert M. Fritz, 415 West Sixth street, at 9:30 o'clock this morning.

Mr. Deppeler was born in Oberkum, Aargau, Switzerland, on September 11, 1855, and three of his sisters are still living in Switzerland. He came to this country when he was about twenty-five years old from Switzerland and went to Mora, Mo., where he engaged in farming until his retirement a number of years ago. He was married to Miss Mary Garde on November 7, 1882 at Mora.

Mrs. Deppeler died August 2, 1942, and about three years ago Mr. Deppeler came to Sedalia to make his home with his daughter, Mrs. Fritz. He was a member of the Evangelical church and was for many years a member of the Bunker Hill school board.

Surviving besides the daughter with whom he made his home are two sons, John A. Deppeler, Kansas City, Kas., and Edward Deppeler, of Stover, seven grandchildren and three great grandchildren.

Two children, Frederick and Amelia, preceded him in death.

The body is at the McLaughlin funeral chapel where it will remain until the funeral hour.

Complete arrangements have not been made.

**Funeral of Mrs. Monsees**

Funeral services for Mrs. Rickey Monsees, 87 years old, wife of Louis M. Monsees, who died at her home in Smithton at 1:30 o'clock Monday afternoon, will be held at 2:30 o'clock Wednesday afternoon at the Methodist church in Smithton, of which she was an active member. The Rev. E. F. Dillon to officiate.

Pallbearers will be Virgil Schlotzhauer of Pleasant Green, A. R. Bohon of Sedalia, Curtis Blum of Smithton, Earl Lugen of Sedalia, John Colvin of Smithton and Earl Albers of Smithton.

Mrs. Monsees was born on September 20, 1858, in Morgan county, seven miles southeast of Smithton, the daughter of the late Friedrich and Christina Karstens. She was married to Mr. Monsees on February 25, 1880. Her husband and sons for a long term of years operated the Limestone Valley

Farms and were noted widely as breeders of jacks and jennets.

Surviving besides her husband are three sons, Kalo Monsees and N. A. Monsees of Smithton and D. O. Monsees of Texas, ten grandchildren, ten great-grandchildren and four sisters, Mrs. H. G. Lugen, Mrs. John L. Monsees and Mrs. J. H. Schlotzhauer of Smithton and Mrs. Anna Chapman of Chicago.

The body is at the Neumeyer funeral home.

Burial will be in the Smithton cemetery.

**Charles A. Thomas**

Charles A. Thomas died at about 1:00 o'clock this afternoon at the Bothwell hospital where he had been a patient since February 8. Mr. Thomas, who was 81 years old, resided with his son, J. Theodore Thomas, 116 West Seventh street.

Mr. Thomas was born in Kentucky on January 19, 1864 and was married in that state to Miss Annabelle Dickerson fifty-nine years ago. A year later they came to Pettis county and resided on a farm west of Sedalia. Mrs. Thomas preceded him in death February 9, 1926. Mr. Thomas was for twenty-six years the 12 Mile Road superintendent.

Surviving besides the son at whose home he resided are two other sons, R. Ray Thomas, Coffeyville, Kas., and Guy E. Thomas, St. Joseph, a daughter, Anna Mae Rector, wife of John Rector of St. Charles, two grandchildren, Jean Rector Crocker of Columbia and Ann Rector, student at Stephens college, Columbia.

The body is at the McLaughlin funeral chapel where it will remain until the funeral hour. Complete arrangements have not been made.

## Franco Not Quit Under Pressure

(Continued from page one)  
agreed to help with the refueling of German U-boats in her waters and of German destroyers in the bay of Biscay.

Also Franco wrote Hitler that he was "entirely and decidedly at your disposal, united in a common historical destiny, desertion from which would mean my suicide and that of the cause which I have led and represent in Spain."

As late as December 15, 1943 Franco was quoted in a memorandum by German Ambassador Hans Dieckhoff as having told the envoy that an English-American victory "would mean his own annihilation."

"He therefore was hoping with all his heart for the victory of Germany," Dieckhoff said, "and he had only one wish, that this victory would come as soon as possible."

Last night's declaration originally was proposed by the United States government after France had asked for a three-power review of relations with Spain and had closed her Spanish border.

The declaration, stating that "There is no intention of interfering in the internal affairs of Spain," added: "The Spanish people themselves must in the long run work out their own destiny."

The three governments, it went on, "are hopeful that the Spanish people will not again be subjected to the horrors and bitterness of civil strife."

## Holdouts of Players for More Money

Poll Reveals 45 Players are Still Out of the Fold

By Joe Reichler

NEW YORK, March 5—(AP)—Big league baseball bosses were being besieged today by the biggest holdout brigade that ever clamored for more money.

With every major league training camp officially launched and the deadline reached for all hands to be present and accounted for, an Associated Press poll revealed today that at least 45 players were still outside the fold. And that does not include those who bolted to the Mexican professional league.

With the exception of the Boston Red Sox and the Cincinnati Reds, every club is represented in the "We want more money" club, with the Brooklyn Dodgers "boasting" 11 players in that select circle.

The most prominent of the unsigned group include the Dodgers' Dixie Walker and Pete Reiser, the St. Louis Cardinals' Marty Marion and Whitey Kuroski, the St. Louis Browns' Vern Stephens and Dick Siebert, Cleveland's Frank Hayes and the New York Yankees' Ernie Bonham.

Others of perhaps lesser quality include the following:

National league — Boston, Outfielders Chuck Workman and Butch Nieman, Infielder Ted Cieslak and Pitchers Jim Trexler and Charlie Cozart; Brooklyn, Pitchers Ralph Branca, Cy Buker, Art Herring, Chet Kohn and Joe Hatten and Infielders Jack Bolling and Ed Basinski and Leighton Kimball; Chicago, Outfielders Harry Lowrey; New York, Pitcher Adrian Zabala and Outfielders Charlie Mead and Jesse Pike; Philadelphia, Pitcher Johnny Humphries and Infielder Roy Hughes; Pittsburgh, Pitcher Max Butcher, Catcher Bill Skalked and Infielders Frank Gustine and Pete Coscarat.

American league — Chicago Infielder Gene Nance; Cleveland Infielder Mickey Rocco, Pitcher Ambrose Palica and Outfielder Stan Benjamin; Detroit, Infielders Eddie Lake and Bobby Maier; New York, Outfielder Tuck Stainback and Infielder Joe Buzas; Philadelphia, Outfielders Hal Peck, Frank Demaree and Gene Handley and Pitcher Phil Marchildon; Washington, Outfielder Stan Spence.

### Concern Over Some

Brooklyn President Branch Rickey admitted that while he was not particularly worried about the others, he was deeply concerned over the refusal of Walker and Reiser to report until their salary squabbles were ironed out. The veteran Dixie, who led the National league in batting in 1944 and in runs batted in last year, won't budge from his Birmingham, Ala., haven until Rickey agrees to boost his \$20,000 salary of last year. Reiser, the senior circuit's batting king in '41, is demanding a 100 per cent increase over his \$7,500 salary of '42, his last year before induction.

Marion doesn't fancy the cut inflicted upon his \$13,500 figure of last year by Card prey Sam Bredon and wants the same contract which made him the highest paid man on the club in '45. Kuroski, who led his mates in batting last year with .323 and drove out 21 home runs to set a new high for National league third basemen, promises to wage a stubborn holdout campaign. It was learned that the hard hitting blond Pennsylvanian, who is understood to have received \$9,000 for his services last year, has asked for a \$5,000 raise.

Vern Stephens, American league home run king, twice has rejected Brownie terms and has returned to his Long Branch, Calif., home prepared for a long holdout siege.

Hayes, iron man catcher of the Tribe, has not even bothered to confer with Manager Lou Boudreau while Bonham sulks in his lone, Calif., home brooding over the giant-sized slash Yankee boss Larry MacPhail admitted he gave the veteran fork ball hurler.

## Sports Roundup

By Hugh Fullerton, Jr.

NEW YORK, March 5—(AP)—If you've been reading reports from the south, you probably think that baseball prep school the Dodgers have been running at Sanford, Fla., is the biggest thing of its kind that ever took place. It ain't so. . . . The biggest training camp, says Ernie Lanigan, was run by the Cards at Danville, Ill., in 1929 when 213 aspiring ball players were gathered at one time.

It was at Danville that Roy Schalk played six games on one day when he dropped in for a tryout and was given the heave-ho that same night. . . . In 1923 when Syracuse, the first International League club to train in Florida, hooked up with the Cardinals and a few other clubs at Bradenton, Fla., there wasn't room in the hotels for all the players. . . . A lot of them were "farmed out" around town and given a \$25 a week subsistence allowance. . . . They did so well on that that some refused to

## Jack Dempsey To Big Time In Fight Game

New Combination Job Carries a High Salary

By Sid Feder

NEW YORK, March 5—(AP)—Jack Dempsey came back to the fight game's big-time today with a job that boxing promoters described as making him some sort of a Judge Landis of the beak-busting business—outside of New York. His salary is estimated as being between \$50,000 to \$100,000 yearly.

Of course, none of the promoters stood up in meeting to say that a stew was cooking against Promoter Mike Jacobs in connection with the old Massa Mauler's new combined post as president of Boxing Promoters of America, Inc., and a director of Adams Hat company in charge of public relations, sports activities and possibly snapping brims. But reading the script, you didn't need a blueprint to get somewhat of an idea about it.

As a matter of fact, Jack, himself came closer than anyone to speaking a piece concerning the possibility of bucking Uncle Mike in the nose-mashing industry. "Today, in New York," he contended yesterday during the cocktail and hors d'oeuvres ceremonies announcing his new post, "if you don't fight for one man—you don't fight."

It is known, too, that Jack is interested in building an arena in mid-town Manhattan to stand up against Madison Square Garden, and that the members of Boxing Promoters of America, Inc., now organized in 11 cities, as well as Adams Hats, which has broadcast rights to all fights put "on by Promoters, Inc., probably would be behind him on it.

His job will be chiefly to select, for broadcast purposes each Monday, the "fight of the week" among the shows scheduled by the members of Promoters, Inc. That's one of the big parts of his deal with the hat outfit, which will

Time: Tuesday, 8:30 p. m.  
Place: State Guard Armory.  
Referee: Jimmy Parker.

Tonight's wrestling card is a "natural" as was explained by Promoter Simon Kalis in talking of the three events which get underway at 8:30 o'clock at the State Guard armory. The evening should be packed to the brim in excitement and action for local fans.

The rematch between Marshall Esteppe of Sturgeon and Babe Zaharias, Columbus, Ohio, needs no pushing. Fans who saw the men last week know what to expect tonight. Others will just have to be in their seats and see for themselves.

Referee Jimmy Parker announced he had no intention of getting in the way of Esteppe if he goes into another fit of anger as he did last week when he flew through the air and kicked Parker out of the ring on his head.

Larry Tillman of Muskegee will be in there fighting and grappling with Sailor Blasse of St. Louis in the semi-windup. Tillman, who has lost his last two

## FIREMEN'S PENSION PLAN ORDINANCE

To be voted on in City of Sedalia, Missouri at municipal election April 2, 1946:

### ORDINANCE 3622

AN ORDINANCE To create a retirement system for firemen in the City of Sedalia, Missouri, and to provide by ordinance for the retiring of the members of such department and the widows and minor children of deceased members in accordance with its provisions, and to take from its municipal revenue a fund for such purpose; providing for a board of trustees having exclusive control and management of the fund, the power and duties of the board, and for judicial review of its actions; providing the sources of the fund, and prescribing the contributions to the fund by members of the fire department, the benefits payable out of the fund and the persons entitled to receive them, exempting the benefits from attachment, execution, garnishment, or other legal process; and making the violation of certain of its provisions a misdemeanor punishable by fine and imprisonment.

BE IT ORDAINED BY THE COUNCIL of the City of Sedalia, Missouri as follows:

Section I. A fireman retirement fund and a board of trustees of the firemen's retirement fund is hereby created in the City of Sedalia, Missouri, to provide for the retirement of the members of such department, and the widows and minor children of deceased members, as provided in this ordinance, and to take from its municipal revenue a fund for such purposes.

Section II. The fund shall be under the exclusive management and control of a board of trustees known as the "Firemen's Retirement Fund of the City of Sedalia, Missouri," in which name it shall transact all its business and hold all its moneys, securities and other property. The board shall consist of the Mayor of the city, the City Clerk, the Chief of the Fire Department, and two members of the Fire Department, elected by the members thereof, such elections to be held on the first Monday in June of each year for terms of one year. The board of trustees shall elect from its membership a president, and shall, by a majority vote of its members, elect a secretary, who may, but need not be, one of its members, and the City Clerk shall be ex officio treasurer of the board. The compensation of all persons engaged by the board of trustees, and all other expenses of the board necessary for the operation of the retirement system, shall be paid at such rates and in such amounts as the board of trustees shall approve.

Section III. (a) The board of trustees shall keep in convenient form such data as shall be necessary for actuarial valuation of the funds of the retirement system, and for checking the experience of the system.

(b) The board of trustees shall keep a record of all its proceedings, which report shall be open to public inspection. It shall annually make a report to the city council showing the fiscal transactions of the retirement system for the preceding fiscal year, the amount of the accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system.

(c) The board shall make rules and regulations for the government of its affairs, the administration of the fund, and for the limitation of the time within which claims may be filed. It shall have exclusive jurisdiction of all retirement claims, benefits or refunds. It shall hold hearings and take and preserve the evidence on all disputed matters and the evidence, record and final finding, and decisions of the board shall be subject only to review by writ of certiorari, with the right of appeal as in civil cases from the decision of the reviewing court.

Section IV. The retirement fund shall consist

1. Of all moneys that may be given to such board or fund by any person or persons for the uses and purposes for which such fund is created. And such board may take by gift, grant, devise or bequest any money, personal property, real estate, or interest therein, or any right of property; and any such gift, grant, devise or bequest may be absolute or in fee simple, or upon condition that only the rents, income or profits arising therefrom shall be applied to the purposes for which such fund is established.

II. Of all moneys, fees, rewards or emoluments of every nature and description that may be paid or given to the Fire Department, or any member thereof, for services or duties performed.

III. Every member of the Fire Department shall be assessed five dollars (\$5.00) of his salary, to be paid in regular monthly payments, which sum is to be deducted from each member's compensation which is due him on the fifteenth day of each month; this is to be done by the City Clerk, who in turn shall place the said amounts to the credit of the firemen's retirement fund. Every person who becomes a member of the fire department shall be liable to the aforesaid assessment, and, in becoming a member thereof shall be conclusively deemed to undertake and agree to pay the same and to have it deducted from his compensation as herein provided.

IV. A sum of two (2) mills shall be levied on each dollar of the value of all taxable property annually assessed in the City of Sedalia, Missouri, as the same appears on the tax duplicate, which sum shall be set aside and made part of the Firemen's retirement fund, by the City Clerk; provided, that said sum shall not be used for or devoted to any purpose other than herein specified.

Section V. The board shall invest and reinvest all assets of the fund in excess of a safe operating balance, but investments shall only be in bonds or other securities of the state or of the United States, or fully guaranteed by the United States, approved bonds or other securities of any county, municipality, school or road district in the state, judgments against the county or municipality, or general or special tax bills against persons or property in the municipality. No member or employee of the board shall have any interest in the acquiring or disposing of any investment.

Section VI. All persons who become members of the fire department after the establishment of the fund shall be subject to the provisions of this ordinance as a condition of their employment. Each member of the Fire Department at the time the fund is established, shall be subject to this ordinance. Under rules of the board each person who is a member of the Fire Department at the time the fund is established, shall file with the board a detailed statement of all prior service as a fireman for which he claims credit. The board shall fix by rule how much service in any calendar year shall constitute a year's service, but absence without pay for any period of more than one month's duration shall not be counted as service. The board

shall promptly verify the statements of service, and upon verification thereof shall issue to each member a certificate of the length of his prior service on the basis of his statement. Such certificate may be modified at the request of the member or the board within one year from the date of issuance or modification thereof, and unless so modified, shall be final and conclusive as to the length of prior service. When a member leaves the service of the department for more than four years for any cause his certificate of prior service shall be void and on reentering the service of the fire department he shall not be entitled to credit for prior service except he leaves for disability received in line of duty.

Section VII. Any member of the Fire Department in service and having twenty-five years or more service in the department, of which the last ten years must be continuous, may file with the board an application for retirement on pension also setting forth a time, not less than thirty nor more than ninety days after filing of the application, at which he desires to be retired, and though his service has been discontinued during such period of notification, he shall be retired by the board as of the time desired, and shall be paid monthly for life out of the fund a retirement pension of seventy-five dollars (\$75) per month.

Section VIII. Any member of the Fire Department in service who has attained or attains the age of sixty-two (62) years shall be retired forthwith by the board. Provided that the last ten years is continuous service.

Section IX. (a) A member of the fire department permanently and totally disabled by injury or disease caused in line of duty shall be paid out of the fund monthly for life the sum of seventy-five dollars (\$75), provided one or more physicians appointed by the board shall certify that the disability is likely to be permanent and that the member should be retired from service.

(b) Once each year following the retirement of a member of the fire department on a disability retirement allowance the board of trustees must require all such members who have not completed their twenty-five years service, or have not obtained the age of sixty-two, to undergo a medical examination at

### Green Ridge

—Mrs. Verna Palmer

Miss Cecile Vogelbaugh, instructor of music in the schools of Madison, Wis., underwent a major operation March 1 at Wisconsin General Hospital, Madison. Her parents, Mr. and Mrs. E. C. Vogelbaugh, have received a wire stating she was doing nicely.

Mr. and Mrs. G. D. Rayburn entertained with a birthday dinner recently honoring their daughter, Miss Marilyn, and Larry Johnson. The following were guests at a cafeteria style dinner: Stanley Bohling, Virginia Ulmer, Margie Rayburn, Helen Frances Baslee, Betty Jane Ream, Rosilea Stark, Sarah Morrow and the honor guests.

Gordon Osborne, son of Mr. and Mrs. Cecil Osborne, former Green Ridge residents, recently visited his uncle and aunt, Mr. and Mrs. F. N. Reed, and friends. He recently received his discharge from the navy after two years and six months' service, most of which was spent in the Pacific theater of operations.

Professor R. L. Hunt of Silver City, N. Mex., recently spent the week-end in Green Ridge visiting his mother, Mrs. Noah Hunt, and brother, and sister-in-law, Mr. and Mrs. Clyde Hunt.

Miss Anna Lou Pace, instructor in Woodland school, Kansas City, Mo., spent the week-end in the home of her parents, Mr. and Mrs. T. J. Pace.

The Women's Missionary and the Ladies Aid Societies of the Presbyterian church held an all-day joint meeting February 28 at the home of the Rev. and Mrs. J. G. W. Kirscher. A contributive dinner was served at noon to 24 members and guests. Mrs. Carl Johnson presided over the business session at which time the following nominating committee was appointed to select officers for the new church year: Mrs. John Walmer, Mrs. Walter Brown and Mrs. Harold Eckhoff. There was a discussion of the World Day of prayer, which the Missionary society is sponsoring, to be held at the Presbyterian church at 2 p. m. March 8. The Green Ridge Baptist church, the Men's Bible

class, the H. H. H. class and the Home Builders class will participate. The devotional service, "Of One Blood All Nations," was led by the Rev. J. G. W. Kirscher. Mrs. Roy Ragar read an article, "An Experiment in Race Relations," and Mrs. R. W. Stewart spoke on "Christian Advance in Africa."

Miss Carol Calvert was hostess at a waffle supper recently given for girls of the senior class. Misses Lula Fern Brownfield, Carolyn Ream, Mary Lou White and Rosalie Stark were guests.

Mrs. Rosa Floyd has returned after spending the winter months in Kansas City with her son-in-law and daughter, Mr. and Mrs. Fred Calvert.

Miss Helen Frances Boltz, teacher of the Intermediate Sunday school class of the Presbyterian church, entertained the class with a party recently in the church basement. Games were played, after which the group went to a local drug store for refreshments.

Melvin Ream of Cheyenne, Wyo., who has been employed as a brakeman of the Union Pacific railroad, is visiting his father, Fred E. Ream.

Mr. and Mrs. T. J. Pace recently visited their daughter, Mrs. Carl Calvert, and Mr. Calvert and family in Warrensburg. Mr. Calvert has resigned his position as extension agent in Johnson county and has accepted a similar position in Barton county. He and his family will reside in Lamar.

Mr. and Mrs. Roy Williams and son, Roy Lee, of Hickman Mills, were guests recently of Mr. Williams' parents, Mr. and Mrs. T. J. Williams, and of Mrs. Williams' parents, Mr. and Mrs. T. J. Brown, at Calhoun.

Mrs. C. H. Fletcher, Roland Fletcher and Miss Gladys Fletcher have moved from the Harley Williams farm, north of town, to a farm southwest of Green Ridge.

Mr. and Mrs. Wayne Hampton and children, Harold and Betty, who have been residing on the David Harley farm north of town have moved to the Williams farm southwest of Green Ridge.

Harold Lee Baslee has returned from Indianapolis, Ind., where he underwent another operation on his arm at a veterans' hospital. He is at the home of his parents, Mr. and Mrs. Henry Baslee.

The porcupine is equipped, even before birth, with quills half an inch long.

## NOTICE TO THE PUBLIC CONCERNING STREET SURFACING

Owing to the large number of requests for cost information of asphalt type road surfacing, and due to the great demand for asphalt materials and the need for information far in advance of the date of laying such asphalt surface, it is necessary to have the following information accompanying any petition for such resurfacing and in order to arrive at the cost of such work, and to have on hand such materials as may be needed:

Width of surface to be paved.  
Type of asphalt paving desired.  
Whether or not a curb is desired.

It requires approximately nine weeks for petitions for street surfacing to pass the Sedalia City Council, and all asphalt surfacing must be done between June 15th and September 15th, so those contemplating such resurfacing should enter petitions now.

J. I. Collins, city engineer will give his assistance to those planning such resurfacing.

Done by order of Mayor and City Council of City of Sedalia.

J. I. COLLINS,  
City Engineer.

## Pension Plan For Firemen Is Proposed

(Continued From Page One)  
and members of the department would also be assessed the money to be taken from their pay checks each month.

Rezoning of two lots at Ninth street and Limit avenue, was also passed placing them in Zone Z from Zone A for light industry. The Peck Frozen Custard Drive Inn is to be erected on this location.

### Another Ordinance Read

An ordinance governing frozen desserts was read for the first time. This ordinance places all business establishments manufacturing or selling frozen desserts under inspection by a city inspector. It also prohibits the sale of frozen desserts in Sedalia by any concern delivering from the outside unless under similar restrictions as those places in Sedalia under this new city law.

Ten new lights were requested by the councilmen, who voted to have an ordinance drawn ordering the installation of such lights. They were suggested, by Alderman John Taylor, for Fourteenth street and Summit; Thirteenth street and Marvin; Twelfth street and Porter; Twenty-fourth street and Washington avenue. Alderman Leo Eickhoff asked for lights at Ninth street and Grand avenue; Eighteenth street and Missouri avenue; Seventeenth street and Harrison avenue; Alderman Gil Sublett asked for a light on Johnson street between Osage and Montebau avenues; by Alderman Walter Smethers, for one at Emmett and Jackson street; and by Alderman Dick Keenan for one at Third street and Porter.

### To Buy Two Trucks

On motion of Alderman Frank Middleton the Street and Alley committee was authorized to purchase two new trucks for that department.

The council awarded the city audit to be made at the close of the fiscal year to the Taylor-Wagner Public Accountants. The bid on the audit was \$350. It was passed on motion by Alderman Eickhoff.

Alderman Keenan reporting on taxes collected in January from gasoline stated \$2,089 was collected, 150 gasoline pumps and meters checked and 30 meters repaired. Keenan also moved that the new employee at the City incinerator be placed on a full time job and assigned to the Sanitation department and the salary set at \$112. The motion carried.

### Register Complaint

Keenan also registered with the council a complaint he had received of boys and girls from Smith-Cotton high school walking in the street at the Broadway underpass, instead of using the stairs and sidewalk as provided when the underpass was constructed. Members of the council will meet with the school board to discuss this matter.

Alderman Middleton reported on work of the Street and Alley department and on the disposal plant on North Grand avenue. The disposal plant, he stated would again be in operation in a day or two. He also reported on an inspection of the incinerator plant and of charges to be made. A motion was carried to start work on the incinerator as soon as the recommendations for the changes are received.

### Licenses Granted

Orvis Crouch, returned veteran was granted a 3.2 beer license for his business at 724 West Sixteenth street, which he closed when he entered the service.

A license to sell liquor by the package was granted to the Sedalia Drug Co., 122 South Ohio avenue, and a license to sell all kinds of liquor by the drink was issued to Henri Mos for 302 West Main street. A license to sell liquor by the drink was issued to Bus Paul for Paul Brothers at 107 West Main street, and the council also voted to give him credit for the unused time of a license he had for 117 West Main street.

### Protest Read

A protest petition was read in council from property owners in the vicinity of Eighteenth street and Limit avenue, asking that no license be granted to a place formerly used as a night club at Eighteenth street and Limit and which place has been closed.

The council also voted to redecorate the second floor of the city hall.

A letter from Albert Dillon was read announcing his resignation from the police department.

On motion of Alderman Ira Knox the council voted to seek bids for one or two new fire trucks as recommended by the National Fire Underwriters, to replace old equipment.

The ordinance to widen Kentucky avenue from Second street to Fourth street, was tabled on a motions of Alderman Frank Middleton. The ordinance was presented to widen the street because it is used by the fire companies.

On motion of Alderman Sublett the council voted to have an ordinance drawn which will prohibit parking on Kentucky in this same area. Tabling of the ordinance to widen the street was done because several protests had been made to the council.

### George Thomas Lindsey Receives Discharge

George Thomas Lindsey, fireman 1/c, has been discharged from the Navy after thirty months service, twenty months of which was overseas.

He is the son of George T. Lindsey, 807 East Fifteenth street.

## Shows Pictures Of 4-H Club Work

A moving picture show of the work and achievements of the 4-H club, presented by J. U. Morris, Pettis county extension agent, was the principal feature of the program sponsored by the Salem Parent-Teacher association and Community club at Salem school Friday evening.

Mrs. Claude Gardner, Mrs. Fred Nuzum and Mrs. Louis Igo composed the committee in charge.

The program included vocal numbers by the school pupils, accompanied by the teacher, Miss Challis Johnson.

Mrs. J. H. Roberts presided over the preceding business session during which PTA members voted to donate to the Cpl. Eckles fund.

The following officers were installed: George Holman, president; Mrs. Claude Gardner, vice president; Mrs. Frank Summers, secretary and treasurer; Mary Lou Holdner, song leader; Mrs. Eugene Holman, pianist; Miss Challis Johnson, assisting pianist; Mrs.

## WANTED 1000 RUPTURED MEN TO MAKE THIS TEST

Kansas City, Mo. — A Doctor's Invention for reducible rupture is proving so successful, an offer is now being made to give everyone who will test it a \$3.50 Truss at no cost. This invention has no leg straps, no elastic belts, or leather bands. It holds rupture up and in. Is comfortable and easy to wear. After using it many report entire satisfaction. Any reader of this paper may test the Doctors Invention for 30 days and receive the separate \$3.50 Truss at no cost. If you are not entirely satisfied with the invention—return it, but be sure to keep the \$3.50 Truss for your trouble. If you are ruptured just write the Physician's Appliance Co., 6592 Koch Bldg., 2906 Main St., Kansas City, Mo., for their trial offer.

### Add Johnson, reporter.

At the conclusion of the meeting, refreshments were served by Mrs. Frank Summers, Mrs. Lester Holdner and Mrs. Louis Igo.

The next meeting of the first Friday evening in April.

"It's a buy! — with  
an OIL-PLATED engine!"

You want an eyeful of 1946 style. . . . And you're taking in many an earful on chassis features. . . . And you can have an OIL-PLATED engine—a wear-fighter!—by saying one mouthful. . . . Just say you want Conoco N<sup>th</sup> motor oil—because you want minimum carbon and sludge, plus fat mileage. Those gains depend largely on wear-resistance, and that's what OIL-PLATING is for. Here is how it works . . .

In any make of new car—or equally well in your old car—OIL-PLATING will make an addition to inner engine surfaces. That's where it's fastened durably—across the path of wear—by Conoco N<sup>th</sup> oil's magnet-like action. This power to OIL-PLATE and protect comes from the added Conoco N<sup>th</sup> ingredient. It will add to the safety of your new car investment. . . . It will add to your veteran car's chances! . . . And the cost it adds is a few cents! Get your correct grade of Conoco N<sup>th</sup> oil for Spring; see Your Conoco Mileage Merchant. Continental Oil Company
